Looking to improve quality and drive excellence?

Quality & Excellence

Our quality and excellence offer is the most comprehensive in the employability sector - and the only one developed specifically for it.

Quality Improvement Framework (QIF)

The only employability-specific quality framework designed to strengthen standards and embed continuous improvement. The IEP Quality Improvement Framework helps organisations:

- Improve consistency
- Strengthen quality assurance
- Embed continuous improvement
- Develop workforce capability
- Improve organisational performance
- Demonstrate excellence

Centres of Employability Excellence (Project DEEP)

The IEP works with partners to establish Centres of Employability Excellence in countries around the world, creating collaborative programmes that deliver Project DEEP (Delivering Excellence in Employability Practice).

Through Project DEEP, partners can:

- Test innovative approaches in real-world settings
- Build a stronger evidence base for what works
- Improve service quality and participant outcomes
- Share learning across organisations and countries

Global Centre for Employability Excellence

Connecting research, policy and practice through global insight, evidence-sharing and international collaboration.

Through the Centre organisations can:

- Access international evidence
- Benchmark against global practice
- Contribute research
- Learn from Project DEEP
- Join Communities of Practice
- Access the IEP Journal
- Share innovation
- Build international partnerships

Want evidence to support better decisions?

Research & Development

We support organisations, commissioners and governments to explore emerging challenges, evaluate practice, generate evidence and develop innovative solutions that improve employability outcomes.

Research & analysis

Evidence reviews

Innovation & co-design

Evaluation & impact
